

Install FieldSync as an app for instant access & lock-screen notifications.

Takes less than 30 seconds. No App Store required.

iPhone / iPad (Safari)

- 1 Open Safari**
Go to your FieldSync link in Safari (must be Safari, not Chrome)
- 2 Tap the Share button**
Tap the box-with-arrow icon at the bottom center of the screen
- 3 Tap "Add to Home Screen"**
Scroll down in the share sheet until you see this option
- 4 Tap "Add"**
Confirm in the top-right corner — FieldSync will appear on your home screen
- 5 Open from Home Screen**
Always open FieldSync from the home screen icon (not Safari) to get lock-screen notifications

Android (Chrome)

- 1 Open Chrome**
Go to your FieldSync link in Chrome on your Android device
- 2 Tap the three-dot menu**
Tap the ■ icon in the top-right corner of Chrome
- 3 Tap "Add to Home screen"**
Find and tap this option in the menu that appears
- 4 Tap "Add"**
Confirm — FieldSync will appear on your home screen
- 5 Open from Home Screen**
Tap the FieldSync icon on your home screen to open the app. Allow notifications when prompted

Enable Notifications

When you first open FieldSync from your home screen, tap "Enable" in the blue banner at the top. This allows shift reminders to reach your lock screen.
